Procurement in the 21st Century (2-day training)

- This training provides general concepts about the procurement of goods, products, and/or services for School Nutrition Programs. Participants will identify key factors for implementing a fair, open and cost-effective procurement system that supports compliance with federal, state, and local policies.

Participants who complete this session will receive 16 units of continuing education that are credentialed by the Commission on Dietetic Registration and the School Nutrition Association. USDA Professional Standards Codes will be listed on Certificate of Completion.

⇒ **February 21-22, 2017**

Location: Institute of Child Nutrition-Oxford, MS

***Procurement in the 21st Century* Registration Form—February 2017**

Foundations for Training Excellence (8-hour training)

- The intended audience for this session is anyone who wishes to be a more effective trainer. This seminar is intended to assist participants in assessing the current level of skill they already possess and to encourage further professional development. It will also give the participants tools and resources they can take back to their workplaces to use immediately.

Participants who complete this session will receive 8 units of continuing education that are credentialed by the Commission on Dietetic Registration and the School Nutrition Association. USDA Professional Standards Codes will be listed on Certificate of Completion.
